## THE FIEND ESCAPES!

The Murderer Who Gave Lye to a Child Escapes.

More Reflections on the Conduct of Judge Boykin.

THE ABSOLUTE MOCKERY OF LAW.

People Who Come and Go—Brief Briefs of Interest to All Readers of The Globe.

Mary Ella Thompson and George Chavis, two inmates of the work house, escaped yesterday. It was about 4 o'clock and they have not been found since.

The story is that Chavis was a trusty hand; that the last time he was there when his time expired they chased him away—and accordingly much confidence was reposed in him. Yesterday, however, he made an escape, taking with him Mary Ella Thompson.

The parties were chased last night—tracked—but in the heavy rain without avail.

It will be remembered that this Mary Ella Thompson is the miserable creature who poisoned the little child of Mrs. Kirkland. It will be further remembered that for her inhuman conduct the judge, the elegant Judge Boykin, sentenced her to the work house for eighteen months. But she has escaped now. But no matter to the judge, maybe.

But what about the mother?

What about Mrs. Kirkland whose sweet and innocent babe sleeps over there in the cemetery?

What about all mothers who have their darling children and are forced to employ servants. What about the sweet little one whose life blood was eaten up by the miserable poison which the more miserable creature gave it—to get it out of the way?

Does the judge who fined Bob Rogers \$25.00 for shooting at Jordan and who gave the murderers, Mary Ella Thompson but eighteen months at pleasure for a cold-blooded, diabolical and wilful murder—does he, Judge Boykin imagine that the mother who made the sacrifice thinks him a just judge? Do the people who know the facts of Boykin's administration endorse such mockery? Not a bit of it.

And if Mary Ella Thompson, who murdered Mrs. Kirkland's child, is found and placed again in the work-house—Judge Boykin is not clear of the indictment which the court of public opinion has rendered. In that court, thank God, there is no corruption and no juries are bought.

The whole thing has been an outrage.

—Ed Wooley has a fast dog which he is training to catch prairie dogs and wolves.

—When the ice wagon makes a general round, many people will be willing to forgive all.

—The report of the council meeting in another column is really interesting because it is really true.

—The black list will be published. No man can take a newspaper and beat the editor without being spotted.

—The Durham brass band and orchestra will give a concert at the Oxford opera house next Friday night.

—Thursday night the committee will ascertain who is to blame for the fall of Trinity. Wait for Thursday evening.

—Squire McMaanen will not allow a man to swear before him unless it is paid for. There is nothing like drawing the line.

—Colonel John Scales has recovered from a long sick spell. He now has two hands and two footsies. The colonel is a winner.

## The Alternative.

"If he calls this evening tell him I am engaged. But if he seems disappointed you may say I am ill. If he looks desperate say I am not expected to live." "But if he seems cheerful what shall I say?" "That's absurd; but say I'll be down at once."—Life.

—The dentists at Morehead City are not yanking many teeth, but they are filling the cavities in literature on the subject of dental surgery.

—President Winston, of the university, has appointed as his private secretary and stenographer, Mr. A. B. Mimball, of Hargrove, Granville county.

—In the language of Colonel Whitaker, our weather bureau man, to-day has been a scorcher. Well, it is hot enough for us. Is it h—t e—h f—r y—u?

—A half dozen men in Durham have subscribed for The Globe to-day. Truly the old shell is a hummer with horns which are large and tempting.

—The guards at the railroad these days do very little. It may be that they have but very little to do. If this the case they are earning the salary in a short-hand way.

—A dozen elegant editors passed through this city for the press convention during the last few days. They were going to Winston to get something to eat.

—The court house has had new weather strips placed on the doors. While this is not a matter of national importance it was business, and business sometimes becomes national.

—The tobacco for this year is coming along and the Durham warehouses will be overrun before the spring of '92. And by the way, did you stop to think that '92 is almost here?

—Colonel E. M. Graham is not working his weather bureau these days. Yet at the same time it is cooler in North Carolina than at the north. North Carolina is a winner several times a year.

—The escape of the girl who murdered an innocent babe will be treated lightly by men like Judge Boykin, no doubt. But then justice was outraged even before the girl Thompson escaped.

—Colonel Albright was rolling a baby carriage up street to day. This is all right for the colonel, but when Jack does a thing like that Colonel Postley will will convene the Bachelor's club at once.

—Colonel Leo D. Hearst, who has just returned from Richmond, says that he bought the whole city. He wants to know why a man should monkey with a few town lots when the whole city is on the market. And there is some logic in what he says.

—There is a sobby lot of mud just beyond the grocery store of A. G. Cox & Co., which should be removed. Those who place the mud there could with profit pull it out. In fact the smelling committee of the police force might make some startling suggestions.

—The Greensboro Steam Fire Engine Co. No. 1 was out with their engine last night practicing for the tournament at Durham. If Greensboro don't get the prize for throwing water the longest distance we will always think she ought to have had it, says the Workman.

—The O & C. train last night was a funny one. A negro tried to steal a ride, boarding it at the market house. The negro thought he would take a ride, but there was a difference of opinion. The fireman caught him and rolled him through the soft coal on the tender. Then they poured water on him and he was the sorriest negro that ever tried to do nothing, in these parts.

—It has been a long time since the Commonwealth Club built a new hotel. That organization should speedily meet and build another hotel. The last one fell down, even worse than the tower. The chance of a lifetime is offered. Some of the boomers who were just going to build so many things should at least put up a smoke-house. By their works ye shall know them, it was writ of old, and it does seem that the gentlemen who proposed to do so much were being forgotten.

It will not break you to help the Special Notice column. It will not make us rich if you do help it. But this is what it will do: It will indicate to the outside world, and hundreds of Globes leave Durham daily, that the men are alive and that they are inviting trade. Help the Special Notice column. Special monthly rates.

## THE KID LOCATED!

It Is Now Said to Be Near Hillsboro.

A Chance for Decent People to Reflect on Crime.

CONCERNING THE COUNCIL MEETING

The Horned Horse Which Farmer Daniels Rode Into the Press Association Now at Winston.

At last the kid has been found again. It is the East Durham kid, the little cuss who at first labored under the heavy name of Henry Tucker, has been located at or near Hillsboro. THE GLOBE is informed that the little one, which has been deserted, which has never known a mother's care or a father's affection, is now living with the father of Sallie Battie, a Mr. William Faucette.

His wife is keeping the kid; it is said that it has been seen there. THE GLOBE proposes to talk about this business because it has been a case of cold blooded, criminal and diabolical desertion. A human being has been brought into the world and to all intents and purposes abandoned. The mothers of Durham, the honest fathers and all good citizens will praise THE GLOBE for keeping up with this outrage; for doing what humanity suggests.

The story comes pretty straight, so straight that we can pass it for the truth. It Bill Faucette is not harboring the helpless child of if he has not been harboring it he can let us know and a larger circulation than we have to day will fix him straight.

This story of desertion is not to be laughed at. It is a most wicked and miserable affair, and if the child, as is now alleged, is at the home of Bill Faucette between University place and Hillsboro, even now the authorities could act. The crime grows greater and the conduct of the parents appears more brazen. THE GLOBE appeals for an endorsement to the honest and virtuous mothers who have children of their own; to those who have affection and to fathers who believe in decency.

The kid should be cared for.

What a Durham Woman Says About The Globe and the Old Man.

DURHAM, Aug. 11, 1891.

To THE EDITOR—You say that "if Dr. Yates ever runs for office the women would boycott him." You are very much mistaken. Nearly all of the women know Dr. Yates is right. We women know that he has our true interests at heart, and he knows what he is talking about.

Street Commissioner Christian says that all persons must cut weeds and put their sidewalks in shape. He says just cut the weeds and the town will cart them away. If this is not done in ten days the commissioner will cut them and charge the same to property owners.
